

GREAT *Spaces* TO LEARN

Capital Improvements Levy for Maintenance & Technology

The Capital Improvements Mill Levy (SB-9) provides an ongoing source of funding to pay for routine school maintenance, small construction projects, and technology. These projects protect the taxpayers' investment in our buildings and assure they are safe, functional places for teaching and learning.

Passage maintains the current tax rate, reauthorizing a funding source already in place. This keeps scarce operational dollars in the classroom, working for kids.

PLEASE VOTE ON FEBRUARY 6 at one of the following locations:

- Rio Rancho Elementary School
- Maggie Cordova Elementary School
- Ernest Stapleton Elementary School
- Colinas del Norte Elementary School
- Mountain View Middle School

Absentee and Early Voting will also be available.

Will this increase
my tax rate? **NO**
